For times achieved within New Mexico in approved or observed meets on any date, or in sanctioned meets after **February 18, 2009** the swimmer or team must furnish a copy of the meet results to prove the entry times.

An Official Verification Form (attached) must be submitted for all entry times achieved at out-of-state meets for which the results have not been sent to the NMS Computer Chair at least two weeks prior to the meet entry deadline. Meet results verifying these times, with the times to be verified clearly marked, must be submitted with the entries. If meet results are not available at the time the entries are submitted, they must be presented, with the times to be verified clearly marked, to the meet entry chair prior to the start of warm-up for the first session of the meet. Any entry for which the time has not been proven by the start of warm-up for the first session of the meet may be scratched.

The Meet Director will contact the Team Contact Person **listed on the Official Team Entry Form** to resolve any discrepancies on the Official Entry Form. Failure to resolve such discrepancies will result in referring the situation to the Meet Committee as specified in NMS rule 9.4 for resolution.

4. Events will be seeded as follows:

- a. This meet will be pre-seeded for all individual events with the exception of the 400 yard IM and the 500 yard, 1000 yard and 1650 yard freestyle events. Swimmers need only report to their assigned lanes as listed in the heat sheet.
- b. The 400 yard IM and the 500 yard, 1000 yard and 1650 yard freestyle and all relay events will be deck-seeded.
- c. All entries with conforming (short-course yard) entry times will be arranged in order, fastest to slowest.
- d. All entries with primary non-conforming (long-course meter) entry times will then be arranged in order, fastest to slowest, and placed after the slowest conforming entry.
- e. All entries with secondary non-conforming (short-course meter) entry times will then be arranged in order, fastest to slowest, and placed after the slowest primary non-conforming entry.
- f. Championship seeding will be used to determine the heat and lane assignment for each preliminary heat entry. Normal seeding will be used to determine the heat and lane assignment for each finals and timed-finals heat entry.
- g. The 400 yard IM and the 500 yard, 1000 yard and the 1650 yard freestyle will be deck-seeded and swum as follows: *all swimmers will be seeded functionally (by gender, according to entry time). Heats will be swum alternating women and men, fastest to slowest. To save time, the final heat of women and men may be combined.* Lane assignments will be posted. Positive check-in (intent to swim) will be required for all of these events at the scratch/clerk-of-course table 30 minutes prior to the start of the appropriate sessions. Anyone who does not check in for one of these events will be scratched and will not be allowed to swim that event. **Swimmers in these events are responsible for furnishing their own lap counters.**
- h. All relay events will be deck-seeded and swum as follows: *the fastest eight "A" relay teams per age group will compete against teams of their gender from their own age group; all remaining teams will be seeded normally according to entry time* Lane assignments will be posted.
- i. A time line will be published for guidance only.

5. Entry times may be altitude adjusted to equivalent sea-level times according to the following USA-S table:

Distance (m or yd)	Altitude		
	3000-4250 ft	4251-6500 ft	Above 6500 ft
200	.50 sec	1.20 sec	1.60 sec
400/500	2.50 sec	5.00 sec	7.00 sec
800 Free Relay	2.00 sec	4.80 sec	6.40 sec
800/1000	5.00 sec	10.00 sec	15.00 sec
1500/1650	11.00 sec	23.00 sec	32.50 sec

To adjust a time to its sea-level equivalent, subtract the appropriate adjustment time from the time actually achieved at altitude.

6. All relay entries and entry fees must be submitted with the individual entries. No individual swimmer names are required on the relay entries at the time of electronic entry. The number of relay teams allowed for each team shall be determined by the number of swimmers for that team qualified in individual events in their age group for this meet (i.e., one to four swimmers entitles the team to one relay, five to eight swimmers entitles the team to two relay teams, nine to 12 swimmers entitles the team to three teams, etc.). As stated in the Entries section Item 1, all potential relay team swimmers must be included on the entry forms to be eligible to swim on a relay for that team. **Relay entry times and swimmers must be declared prior to the beginning of warm-up for the session in which the relay is swum**, and NMS surcharge fees for relay-only swimmers must be paid at that time. Prior to the start of each relay heat, the head timer on each lane will confirm the first and last names of competing swimmers, their ages, and their order of swim for the team in their lane for that heat, and no changes shall be permitted thereafter. Swimmers who fail to show up for a relay event will not be penalized. Teams that have not paid these fees prior to the end of warm up for session 6 will not be allowed to participate in the relay events in Session 6 (events 139-146).
7. A **hard copy** of the individual entries and verification forms, and a check, payable to Los Alamos Aquatomics, covering entry fees and the NMS swimmer surcharge (for every individual swimmer) **must be received by the entry chairman no later than 6:00 p.m. on Thursday February 19, 2009**, with the exception of swimmers who receive qualifying time(s) in a designated Last Chance Meet after the entry deadline, but prior to **Monday February 23, 2009** **Late entries will not be accepted!** Entries, forms and checks mailed by certified mail and postmarked no later than **Wednesday, February 18, 2009** will be accepted if received after the entry deadline. It is recommended that **all** entries be submitted by e-mail and FAX (or scan and e-mail), with hardcopy backup and check submitted by overnight, certified mail. Send team checks only - do not send checks from individuals. The meet director of each last chance meet held the weekend prior to the Championship meet must transmit new Championship meet entries from those meets to the Championship meet entry chair by **8 pm, Sunday February 22, 2009**. A hard copy of those entries, with accompanying meet entry fees, must be received by the Championship meet entry chair no later than **2 pm, Tuesday, February 24, 2009**. Entry fees must be in the form of cashier's checks or team checks. Faster entry times for events in which a swimmer already has a qualifying time will not be accepted.
